Date: _____

STALLION _____ REGISTRATION # _____

1. **BREEDING FEE:** This is \$ _____ per mare.
 2. **BOARDING FEE:** This is \$ _____ per day per mare, or \$ _____ per day per mare, if adjusted for more than one mare, or for another reason so specified here _____.
 3. **FEES:** The breeding fee and the boarding bill, as well as any veterinary fees incurred, will be paid before removal of your mare(s) from the premises. These fees are not refundable.
 4. **PREGNANCY VERIFICATION:**
 - A. The mare(s) may be returned twenty-one (21) days after the first breeding to be checked in foal if agreed upon by the stallion owner and the mare owner.
 - B. The mare(s) may remain under care, control & custody of **Anderson Quarter Horses** for the board fee specified above until ultra- sounded in foal by our veterinarian.
 - C. The mare may remain per conditions above until the next expected normal heat cycle of the mare(s) to be checked in foal with the Stallion, or re-bred if mare returns in estrus.*
- * **Anderson Quarter Horses** does not recommend re-servicing any mare showing heat that has been bred in the previous cycle until palpated and/or ultra-sounded to confirm no viable conception has occurred.*
5. **BREEDING CERTIFICATES:** These are issued by the [American Quarter Horse Association](#) in Amarillo, Texas for all Quarter Horse mares, after the Stallion Breeding Report has been filed in November of the breeding year. Certificates are computer generated, and usually arrive to the stallion owner in February or March of the foaling year. Certificates are given to the mare owner when the mare foals. Other registries, (Paint Horse Breeders, Appaloosa Horse Club, etc.) also issue computer generated certificates. Receipts are issued at the farm showing the mating between the stallion and the mare, and act as proof of breeding until you receive your computer generated certificate.
 6. **LIVE FOAL GUARANTEE:** This guarantee means that a viable foal resulting from this mating, will stand to nurse, or mare may be returned for re-servicing, at no additional breeding fee charge; however applicable mare care per day will be charged during any and all return visits. If for any reason, the mare booked to the stallion in this breeding contract suffers illness, injury, or death which renders her unfit for breeding, mare owner may substitute another mare to above named stallion when agreed upon by both mare owner and stallion owner. A letter from mare owner's Veterinarian must be furnished as proof of breeding unsoundness, as well as a letter of veterinary certification of foal death if mare has successfully conceived and delivered a foal that was unable to stand and nurse.

7. **HEALTH REQUIREMENTS OF MARE(S)**: Mare owners agree that mare(s) to be bred shall be healthy and in sound breeding condition when brought to our premises to be bred. All vaccinations (Eastern & Western Encephalitis, Tetanus, Flu, Rhino & Rabies) must be up to date. We strongly recommend intranasal Strangles vaccination as well. And a current negative Coggins report must accompany the mare(s.) Any mare with a reproductive history of uterine infections must be accompanied by a letter from mare owner's veterinarian certifying the mare is free from infection.
8. **VETERINARY CARE & FEES**: Mare owner(s) agree that, if necessary to enhance a successful conception, the stallion owner may at his, or her, discretion have all reasonable and customary needed veterinary reproductive work on mare owner's mare(s) completed by the stallion owner's veterinarian. Any and all veterinary fees incurred, whether reproductive or otherwise, while mare(s) & foal(s) are within our custody and/or control are the responsibility of the mare owner(s), and are due and payable before the mare(s) leave the premises.
9. **NON-TRANSFER STATEMENT**: This contract shall not be assigned or transferred by you and in the event that the mare is sold, any unpaid fees are immediately due and payable, with no refund due from the stallion owner under any circumstances. Booking fees are not refundable, but may be applied to another mare of the mare owner's choice if for any reason the originally scheduled mare cannot be bred during the current breeding season.
10. **LIABILITY STATEMENT**: All mares (and foals) will be given careful treatment and handling. However, the owner(s) of any mare(s) or foal(s) in our custody or control hereby waive(s) all liability claims for injury, disability, or death suffered by the mare(s) or foal(s) as a result of acts by Anderson Quarter Horses, its employees, owners, or family, excepting intentional acts and acts of gross negligence.

This contract is executed in duplicate and the same shall be binding upon both parties when accepted by you, the mare owner(s), and signed by both the mare and stallion owner(s).
